## The Senate and House.

Proceedings of Both Branches of Congress.

## THE PENSION BILL PASSED.

The Report as Agreed Upon in the House Censors Passes the House By a Vote of 145 Yeas to 56 Nays—The Measure as It Becomes a Law—Other Washington Dispatches.

WASHINGTON, June 12.—The senate yesterday passed senate bill extending the criminal jurisdiction of the circuit and district courts to the great lakes and their connecting waters.

Mr. Morrill, from the committee on finance, reported back favorably and with sundry amendments the house silver bill, and gave notice that he would offer a substitute for the senate bill. The senate silver bill was then taken up, and Mr. Eastis addressed the senate. He considered that the proposition for free coinage was simply an extension of the existing system of finance.

Mr. Turpie next addressed the senate. He favored the free coinage of silver for two reasons—first, because it would increase the currency, and second, because it would add greatly to the value of silver, an American product.

As no other senator desired to speak on the question, the senate bill went over without action.

The following bills were taken from the calendar and passed:  
Senate bill for a public building at Racine, Wis., cost not to exceed \$100,000.

Senate bill to amend the revised statutes so as to make the act of breaking into a postoffice for the purpose of larceny, the crime of burglary, and to increase the maximum of imprisonment from five to ten years.

House bill, increasing from \$150,000 to \$275,000 the limit of cost for the public building at Duluth, Minn.

Senate bill, to prohibit monopoly in the transportation of cattle to foreign countries, which was under discussion last week, was again taken up and passed without further discussion—Mr. Vest having consented to the amendment offered by Mr. Hale inserting the words, "Not already contracted for in good faith by persons or parties having cattle for transportation at the date of such contract, sufficient to occupy such storage room."

The senate joint resolution in regard to the export trade in cattle was then taken up, and Mr. Vest made a statement in explanation and advocacy of it. Mr. Hale, referring to Mr. Vest's remark that American cattle were not allowed to be imported into Great Britain unless to be slaughtered within ten days, said that that was an interesting fact as showing what free trade England did in the way of discrimination or prohibition.

Mr. Vest explained that the ground on which that exclusion was based was the supposed presence of pleuro-pneumonia in American herds, but he said that not a single case of pleuro-pneumonia had been found against the exported cattle.

After further discussion the resolution was adopted. It requests the president of the United States to cause correspondence and negotiation to be had through the department of state, or otherwise, with the authorities of the kingdom of Great Britain for the purpose of securing the abrogation or modification of the regulations now enforced by said authorities, which require cattle imported into Great Britain from the United States of America to be slaughtered at the port of entry, and prohibiting the same from being carried alive to other places in said kingdom.

The senate bill, to provide for the inspection of live cattle and beef products intended for export to foreign countries, was then taken up. A substitute for it reported from the committee on agriculture was withdrawn and the bill passed. It requires the secretary of agriculture to cause to be made a careful inspection of all cattle intended for export to foreign countries from the United States, at such times and places and in such manner as he may think proper, with a view to ascertain whether such cattle are free from disease, and for this purpose he may appoint inspectors, who shall be authorized to give an official certificate clearly stating the condition in which such animals are found, and no clearance shall be given to any vessel having on board cattle for exportation to a foreign country, unless the owner, or shipper, of such cattle has a certificate from the inspector herein authorized to be appointed, stating that said cattle is sound and free from disease.

The secretary of agriculture is also required to cause to be made a careful inspection of all live cattle whose meat is intended for exportation to any foreign country at such times and places and in such manner as he may think proper, with a view to ascertain whether said cattle are free from disease and their meat sound and wholesome, and no clearance is to be given to any vessel having on board any fresh beef for exportation and sale in a foreign country from any port in the United States without a certificate from the inspector.

On motion of Mr. Pasco the senate bill for the protection of actual settlers who have made homestead or pre-emption entries upon the public lands of the United States, in the state of Florida, upon which deposits of phosphate have been discovered since such entries were made, was taken from the calendar and passed.

The senate bill for the establishment of a port of delivery at Rock Island, Ill., was taken from the calendar and passed.

Mr. Spooner offered a resolution, which was agreed to, calling on the secretary of the interior for a report of the

amount of the claims heretofore presented to the department on account of Indian depredations, whether such claims have been adjudicated or not.

Mr. Allison, from the conference committee on the pension appropriation bill, presented a report, and stated that the only point of disagreement was the amendment adopted by the senate increasing the number of pension agents from eighteen to twenty. A further conference was asked.

The house bill to authorize the Leavenworth and Platte County Bridge company to substitute a pivot drawbridge over the Missouri river in place of a ponton bridge, was taken from the calendar and passed.

The senate then proceeded to the consideration of individual pension bills on the calendar and passed seventy-five of them.

After a secret session the senate at 5:30 adjourned.

## House Proceedings.

WASHINGTON, June 12.—In the house Mr. Mills, of Texas, was appointed a member of the committee on rules, and Mr. Turner, of Georgia, a member of the committee on ways and means to fill vacancies occasioned by the resignation of Mr. Carlisle, of Kentucky.

The conference report on the senate dependent pension bill was presented, and the previous question ordered.

In explanation of the report, Mr. Morrill stated that the conference committee had stricken out the dependent feature of the senate bill and the service feature of the house bill. It would distribute \$35,000,000 among the poor soldiers of the nation.

Mr. Yoder, of Ohio, protested against the conference report, holding that it endangered the demand of the soldier and buried in the basement of the capitol his petitions for a per diem rate of pension.

The house then agreed to the conference report on the senate dependent bill—yeas 145, nays 56. The report strikes out the dependent feature of the senate bill and the service feature of the house bill.

## The Pension Bill as Passed.

WASHINGTON, June 12.—The general pension bill as agreed upon by the conferees and agreed to in the house yesterday, after providing for the pensioning of dependent parents, says that all persons who served three months or more in the military or naval service of the United States during the war of the rebellion, and who have been honorably discharged therefrom, and who are now or who may hereafter be suffering from a mental or physical disability of a permanent character not the result of their own vicious habits, which incapacitates them from the performance of manual labor in such a degree as to render them unable to earn a support, shall be placed upon the list of invalid pensioners of the United States and be entitled to receive a pension not to exceed \$12 per month and not less than \$6 per month, proportioned to their inability to earn a support, such pension to continue during the existence of such disability. Rank in the service shall not be considered in applications filed under this act.

Provision is made for pensioning at the rate of \$8 per month widows of men who served ninety days without proving death the result of army service, and likewise granting \$2 a month to each child under 16 years of age. The \$2 is fixed as a limit of the fee to be charged by agents in preparing cases under this act. There is no possible way to estimate the cost of the bill. The estimates range from \$30,000,000 a year to \$100,000,000. Mr. Morrill, in the house, placed the estimate at about \$36,000,000, but it is thought it will run up to at least \$60,000,000 the first year.

## Will Observe 1892.

WASHINGTON, June 12.—The secretary of state has been informed that at a meeting of the leading citizens of Madrid, Spain, held for the purpose of forming a society to commemorate in the year 1892 the fourth centenary of the discovery of America by Christopher Columbus, the following committees with their chairmen were appointed: Committee on finance—D. J. Francisco Comancho. Committee on universal exhibition—German Gamazo. Committee on military—Gen. Martinez Cujos. Committee on arts and sciences—Duke de Mandos. Religious solemnities—Alejandro Pidalu. Committee on literature and press—D. Carlos Navarro. Committee on permanent and commercial exhibition—D. Federico Castro. Committee on popular festivities—Romero Robledo. Committee on printing and advertising—Marquis of Pozo Rubio. Committee on international congress—Roca de Togores.

## After a Port of Entry.

WASHINGTON, June 12.—Norman R. Smith, of Port Angeles, Wash., is in the city to urge the passage of the bill to make Seattle and Port Angeles sub-ports of entry and clearance. Mr. Smith says that vessels bound for Victoria are obliged to go seventy miles out of their way to clear Port Townsend, while if Port Angeles was a port of entry it would be in their line for Victoria, which is only seventeen miles across the sound. The bill has passed the senate and has been reported favorably from the house committee on commerce, and Mr. Smith will endeavor to have it brought before the house for passage at an early day.

## Big Railroad Consolidation.

PHILADELPHIA, June 12.—The agreement of consolidation of the Pittsburg, Cincinnati and St. Louis road, the Chicago, St. Louis and Pittsburg company, the Cincinnati and Richmond Railway company, and the Jeffersonville, Madison and Indianapolis Railway company was formally executed yesterday under the name of the Pittsburg, Cincinnati, Chicago and St. Louis Railway company. The capital of the new company is \$75,000,000—\$30,000,000 of preferred and \$45,000,000 common stock are to be issued. George B. Roberts is president, and J. M. McCullough, first vice president.

## Street Car Troubles.

The Strikers in Possession at Columbus, Ohio.

## ATTEMPTS MADE TO RUN CARS.

Some of the Best Citizens Take a Part and Help the Men Who Are Out—Several Sensational Street Scenes, and Worse Trouble Is Hourly Expected.

COLUMBUS, O., June 12.—The Consolidated Street Railway company yesterday made another attempt to run cars manned by non-union men, the city council having given them until evening to fulfill the obligations of their charter before the entering of suit to cancel the charter. The company secured the promises of a number of non-union men whom they had cooped up in the cellar under their downtown offices.

Yesterday morning a company of policemen escorted a number of these men to the Oak street stables, which are in a residence part of the city, and where they thought there would be no interference from factory men. The strikers themselves offered no resistance, obeying strictly the restraining order made by the courts, but the citizens turned out, men, women and children going to their aid. The section is one of the most highly respectable in the city, the stables being only half a square from aristocratic Broad street, and the inhabitants being mostly business and professional men.

Notwithstanding this, a crowd of several hundred gathered and proceeded to obstruct the tracks by piling up stones. Car 59 was started out, but before it had gone three squares, two cab drivers had deserted to the strikers. A real estate dealer named Kauffman unhitched the horses from the car, and was arrested by order of Mayor Bruck, who was on the ground, and a boy was locked up for piling stones on the track.

The factory men had kept themselves informed, and at this juncture a mass of employees from the Ohio Buggy works, the Scrapper works, and all the carpenters and brick masons employed on neighboring buildings, marched up, swelling the crowd to 3,000. Chief Murphy ordered the cars taken back to the stables, and all the new employees, with but two or three exceptions, went over in a body to the strikers.

The entire sympathies of the community are with the strikers and the factories are already to shut down to aid them in any attempt to gain the advance demanded. The police are absolutely powerless before the great army of mechanics who have taken up the cause of the street car men, and only a strong military force could insure the running of cars.

## OUR BANNER STILL WAVES.

A British Band Cannot Play Under the Stars and Stripes.

KINGSTON, Ont., June 12.—Quite a ripple of excitement was created at the ferry wharf yesterday afternoon by an attempt on the part of Col. Colton, commandant of Battery "A" stationed at Kingston, to prevent an excursion party boarding the American steamer St. Lawrence until she had lowered her stars and stripes. A few days ago the management of the steamer received permission from the Canadian government to call at Canadian ports down the St. Lawrence river to collect excursionists.

The boat was engaged yesterday by an excursion to the Thousand Islands. Among those most prominent in the party was Mayor Brennan, of this city, who had engaged Battery "A" band to escort the excursionists. When about to board the boat the mayor was informed by Col. Colton that he must not board the steamer until the American flag was hauled down. This order caused great commotion among the Forrester and their friends. The owners of the steamer, however, after being consulted, refused to obey the order, and so informed Col. Colton. The American flag was flying at the end of the steamer's bowsprit and the Union Jack at the top of the staff at the bow of the boat, and the stars and stripes also predominated at the stern.

Col. Colton was interviewed yesterday evening by a reporter, and said with reference to the matter of allowing the men to land in American ports wearing the British military uniforms: "It is against the regulations governing British troops and I objected. I found out afterwards that it was not intended to land the men, and when I learned that the American flag was flying in a conspicuous place on the steamer, I objected to allowing the members of the band to go on board, because I did not think it would look right to see a body of British troops being conveyed through the Thousand Islands, on a steamer carrying the stars and stripes at her stern. There would have been nothing wrong in the men going with the excursion as civilians. I am sorry there has been any trouble over the matter. A peaceful understanding could have been arrived at had the flags been lowered before the boat left the port. Of course, we did not own the boat and could not compel the owners to lower the flag. I, therefore, refused to allow the band to go on board."

## ON THE WAR PATH.

The Cheyenne Indians Making Threatening Demonstrations.

HELENA, Mont. June 12.—The Cheyenne Indians are on the war path. They have left their regular camps, and are gathering in small camps of from fifteen to twenty-five in the tepees and are firing at settlers' houses and making the most threatening demonstrations. Ranchmen have been bringing their

families into the settlement all day. Cattle are being shot down by the Indians through pure malice, as no parts of the animals are used for beef. Eighteen cattle were shot in one bunch in Otter creek.

Governor Toole yesterday received a dispatch signed by ten prominent citizens of Miles City requesting that he send 1,000 stand of arms and ammunition. In reply the arms and ammunition were sent forward last night in charge of Col. C. O. Curtis. One troop of cavalry and two of infantry have been sent from Fort Keogh to the Cheyenne agency.

## Placed in a Queer Position.

OTTAWA, Ont., June 12.—The Methodist conference, now in session here, has adopted a resolution expressing its refusal of any share of the \$50,000 awarded the Protestant denominations in Quebec in connection with the settlement of the Jesuit estates. This action is entirely unexpected, and will place the Quebec government in a queer position. Though the Jesuits for a century had pressed their claim for a compensation for the confiscation of their property by the crown, no statesmen gave it a moment's consideration until Premier Mercer appeared on the scene. The compensation awarded amounted to nearly \$500,000, of which the Catholics received \$400,000.

## Strike Settled.

GREENSBORO, N. J., June 12.—The strike of the 300 employees of Aboudrath & Root was amicably settled this morning on the last of putting half the men to work on full time and laying off the remainder. All of the men returned this morning, to work three days of the present week. The firm is compelled to cut down the force because of the overstock on hand. It will re-employ those that are laid off as soon as business revives.

## Carried to a Higher Court.

MONTREAL, June 12.—When the commission appointed to investigate the charge that Contractor Whalen had paid to Editor Pacand \$10,000 to be used for election purposes, met yesterday morning, it was confronted with a writ of prohibition restraining it from further examination of Whalen and Pacand. The question of the commission's jurisdiction will be taken into court. The commission adjourned until Monday next.

## Cause of the Circus Riot.

BANGOR, Me., June 12.—Further particulars of the circus riot at Ellsworth show that the trouble was begun by some Ellsworth toughs, who insulted a female trapezist, and then assaulted her. Her husband came to the rescue, and both were jumped on by the hoodlums and brutally assaulted. The woman was knocked down and kicked in the stomach, and may not recover. The other circus men then took a hand, as the Ellsworth police refused to arrest the assaults. The primary cause was the unrestricted sale of liquor in town during the stay of the circus.

## Died of Consumption.

NEW YORK, June 12.—George E. Brett, who, in 1869, came to this country to establish a branch of the London publishing house of MacMillan & Company, and which he carried on successfully until about a year ago, when failing health compelled him to resign, died at his residence in this city this morning of consumption. He was born in Kent, England, in 1829.

## Killed His Mother and Himself.

PORTLAND, Ore., June 12.—At Milwaukie, a small town about ten miles from this city, Daniel Harvey, a fruit grower, this morning, shot and killed his aged mother, and then killed himself. The old lady was lying in bed when her son opened the door and shot her through the head. It is supposed that Harvey was temporarily insane.

## Missing, But Mourned.

BOSTON, June 12.—Mr. Albert Gates, Jr., who lately conducted a real estate and mortgage business at 120 Tremont street, is missing, and leaves numberless creditors in town. Gates is charged with some peculiar real estate transactions, but it does not appear that he realized any very large sums therefrom.

## The Skiff Overturned.

PORTSMOUTH, N. H., June 12.—Yesterday afternoon a small skiff, in which two workmen employed on Frank Jones' farm at Freemans Point had embarked, was overturned by a strong current. Charles Clarke, aged 26, was drowned. He leaves a widow and one child. The other man reached the shore.

## Steamship Destroyed by Fire.

NEW YORK, June 12.—The steamship Hondo, of the Honduras company, was burned to the water's edge and sunk in the mud at the Atlantic dock, Brooklyn, last night. The fire was started by the explosion of a lamp in the engine room. Loss on vessel and cargo about \$10,000.

## The Sugar Trust.

NEW YORK, June 12.—The trustees of the sugar trust were in session here, but their proceedings were kept secret. It had been expected that the Havemeyers would force Mr. Foster's retirement, but it is stated that no action in this respect was taken.

## While Sailing on the Delaware.

PHILADELPHIA, Pa., June 12.—While some boys were sailing on the Delaware river yesterday their boat capsized, and Richard T. Wallace, aged 14, a son of James Wallace, general agent of the National line steamers, was drowned.

## Chair Factory Burned.

HOUGHKEESE, N. Y., June 12.—The chair factory of Frank Chichester & Company was burned this morning. Loss, \$30,000; partly covered by insurance.

## Maine Republican Convention.

AUGUSTA, Me., June 12.—The Republican state convention meets here to-day and will undoubtedly renominate Governor Burleigh by acclamation.

# THE EVENING BULLETIN

DAILY, EXCEPT SUNDAY.  
ROSSER & MCCARTHY,  
Proprietors.

THURSDAY, JUNE 12, 1890.

The Farmers' Alliance will control Georgia politics for a few years, if all reports from that section are true. Out of 150,000 Democrats in that State, it is said 100,000 of them belong to the Alliance.

Judge Cole is a candidate for re-election. He did not authorize us to say so, but a very near friend of his told us that the Judge wanted a third term. Jim Harbeson will fight for every vote with him.—Fleming Gazette.

The Republican Executive Committee of Brown County has issued a call for a mass convention, to be held at Georgetown on the 23rd of this month, to select delegates to the Judicial convention at Chillicothe on the 26th inst., and also to the State convention at Cleveland.

"A miss is as good as a mile." Hon. Theodore F. Hallam came within one vote of securing the Democratic nomination for Congress in the Covington district, but he couldn't find that one vote, and the nomination went to Hon. Worth Dickerson. The convention seems to have badly demoralized the Democrats of that district. Too many aspiring politicians. They had better get together and settle their differences if they hope to win in future contests.

Some of the Republicans of Carter County are furious over the appointment of W. H. Counts as one of the Census Enumerators in that county. Counts is a Democrat and was a member of the last Legislature. Frank Prater, in a letter to the Greenup Gazette, denounces Ed. C. O'Rear, who made the appointment, in bitter terms. He says:

If you had appointed a Republican—and there was a hundred in that district—I could not have said a word. But the man whom you did appoint the cry of the dead soldiers on the battle-fields will against it; justice and humanity alike cry against it. Carter County gave Benjamin Harrison 100 majority, but all this did no good, because a hungry Democrat wanted the place that the old soldier had been promised, and got it. "Man's inhumanity to man makes countless thousands mourn."

I could not expect anything better of an administration when one of its appointees willfully took the life of one of the best men in Kentucky—a true Republican, a man that never deserted a friend—and then appointed a man to the place who never voted a Republican vote.

It is remarkable what a big rumpus the appointment of a little Census Enumerator can stir up. Carter County Republicans must be a hungry set when they raise such a howl over the loss of such a little slice of the "pie."

## Republicans Can't Have It.

Says the Fleming Gazette: "We have had several conversations with Prosecutor Sallee lately, and while he did not say so in terms, still we believe he will be a candidate for re-election.

"There has been no scandal connected with his incumbency, and he has always been at his post. His administration has given the State a square deal, and we have never heard that he has been tigerish or unduly harsh in his prosecution. However, we serve notice on Jim, that the Republicans have their eye on that particular persimmon."

## Millions in It.

"John Wanamaker, Postmaster General of the United States, is a business man all over," says the Cincinnati Enquirer. "He has just struck a new line.

"Without any warrant of law he has appointed a committee to examine designs for a letter-box to be affixed on "the outside or inside" of the front doors of residences, into which the free-delivery carriers may drop their letters.

"Oh, richness!

"The letter-carriers are getting along very well, but this new scheme will make from \$3 to \$5 a piece out of say 3,000,000 of houses.

"We pause to ascertain two points:

"Will a Pennsylvania firm get the contract? and,

"Will Congress and the people put up with any such bare-faced bilk?"

"It knocks the Wood ballot box silly."

## Republican Misstatements.

The Maysville Republican indulges in several erroneous statements in regard to the process adopted in taking the census. It says of the offensive questions in the schedule, that the Republican Superintendent of the Census "is only fulfilling the provisions of the Census bill," which was drawn up and adopted by Democrats. "This is a misstatement under misinformation that ought not to exist in a newspaper office. If the editor of the Republican doesn't know he ought to, that the census bill merely authorized the Secretary of the Interior to conduct the census without going into details, and the list of questions was prepared by Porter and approved by the Secretary. The obnoxious interrogatories are therefore "pretty thoroughly" Republican instead of Democratic, as the Republican calls them.—Covington Commonwealth.

# THE CONVENTION.

The Democratic Meeting at Lexington to Select a Nominee for Superior Court Judge.

The Organization Completed and the Candidates Named—Latest News From the Contest.

The convention to nominate a candidate for Superior Court Judge in this the Third district met in the opera house at Lexington at noon yesterday. The attendance was not large enough to more than half fill the hall, a great many proxies being held.

The convention was called to order by Judge Lewis Apperson, of Mt. Sterling, who stated that no arrangements had been made for temporary Chairman, and that following the custom a nomination for temporary Chairman would be in order. W. J. Hendrick, of Fleming, nominated Mr. Apperson, who was unanimously chosen. Capt. Todd Hall was named as Sergeant-at-Arms, and W. P. Kimball, W. LaRue Thomas, W. H. Garrett, H. E. Ross and Mitchell Hogan were selected as temporary Secretaries.

On motion of Hon. E. E. Settle, the friends of each candidate selected two members each for the Committee on Credentials, Permanent Organization and Resolutions.

The committeemen were then named as follows:

For Robertson, on Credentials—C. B. Poyntz, of Mason; H. P. Whittaker, of Kenton. On Organization—A. E. Cole, of Mason; L. P. Freyer, of Pendleton. On Resolutions—J. P. Minor, of Bracken; J. Q. Lackey, of Lawrence.

For Brent, on Credentials—Jno. T. Hinton, Bourbon; B. J. Welch, Fayette. On Organization—M. R. Lockhart, Campbell; Lee Hathaway, of Clark. On Resolutions—E. E. Settle, of Owen; Wm. Adams, of Harrison.

For Young, on Credentials—B. J. Day, of Montgomery; M. M. Redwine, of Elliott. On Organization—J. L. Ellison, of Montgomery; T. C. Cope, of Menifee. On Resolutions—J. J. C. Baer, of Breathitt; Henry Riddell, of Estill.

Under the same motion the Chairman added the following gentlemen to the committees. On Credentials—Walter Sharp, of Bath. On Organization—J. E. Cantrell, of Scott. On Resolutions—W. J. Hendrick, of Fleming. This preliminary work occupied about twenty minutes, and the convention then took a recess until 2 p. m. in order to give the committeemen time to prepare their reports.

The convention reassembled at 2:30 o'clock. Hon. Claude Thomas, of Bourbon, moved that a committee be appointed by the Chairman to wait on the Committee on Credentials and find out when they would be ready to report. The Chairman appointed Judge Cole, of Mason, and Mr. Thomas.

A motion was made by Hon. Evan E. Settle to have the Committee on Permanent Organization report at once. The motion carried and the report was read, announcing Hon. Lucius Desha, of Campbell County, as permanent Chairman, and W. P. Kimball, of Fayette, John E. Garner, of Clark, LaRue Thomas of Mason, and M. Hogan, of Campbell, as permanent Secretaries.

The Committee on Resolutions made its report as follows:

The Democracy of the Third Superior Court district in convention now assembled hereby re-adopts and re-affirms the principles enunciated in the platform of the late State convention at Louisville, and pledges itself anew to the support of its nominee—Woodford W. Longmoor, of the county of Harrison.

It denounces the action of the Republican majority in the Congress of the United States as subversive of all the privileges of true government, and commends and approves the course of the faithful Democratic minority in offering all possible resistance to such encroachments of arbitrary power.

This convention hereby pledges itself to a hearty support of its nominee whoever he may be, and urges upon the party everywhere a more perfect organization in every county and the use of all honorable means to promote Democratic success.

A motion was adopted declaring nominations in order. Judge L. W. Robertson, of Mason, was then placed in nomination in a neat and commendatory speech by ex-Senator E. L. Worthington. The nomination was seconded by Mr. Tolen, of Boone, in a good speech.

Hon. C. J. Bronston, of Fayette, nominated in a fine speech, J. Harry Brent, of Bourbon. Mr. Brent's nomination was ably seconded by ex-Lieutenant Governor Cantrell, of Scott.

Judge John E. Cooper, of Montgomery, in a most excellent and somewhat witty speech placed before the convention the name of Colonel Van Buren Young, of Montgomery. The nomination was seconded by County Judge C. W. Goodpastor, of Bath.

At this point the convention took a recess until 4:15 o'clock to give the Committee on Credentials time to complete its work.

At a quarter to 9 the convention was

## For the Farmer and Stockman.

In May 1,319,000 bushels of corn was received at Louisville.

The Western Tobacco Journal of Cincinnati says: "Brokers and buyers all concur in saying prices are firmer and have advanced all along the line, from common lugs to fine leaf, with the best advance on the low grades, if anything."

Since last September over 90,000 negroes have left North Carolina and settled in the Gulf States. There was a general apprehension in the "old North State" that it was ruined because of the loss of its labor, but reports from there are to the effect that the crop prospects were never brighter, that the acreage is above the average, and the tillage as perfect as ever before.

The French wine crop is estimated at 633,000,000 gallons, valued at over \$200,000,000. The Italian crop is nearly as great, and those of Spain, Portugal, Germany, the isles of the Mediterranean and the Orient are immense. Add to these the wine crop of America and the spiritu-

ous and malt liquors of both hemispheres, and some conception can be had of the demand of the human appetite for stimulants.—Exchange.

THE annual convention of the Christian Sunday schools of the State will be held at Cynthiana next week, beginning Tuesday. The Kentucky Central will carry delegates at one fare for the round trip. When you buy your ticket, take the agent's receipt. Each congregation is requested to appoint two delegates, and the names should be sent at once to Elder G. W. Yancey, who will secure them homes.

SAN JONES in a recent sermon said: "I'd rather be a low-down chain-gang negro than one of your little infidels. You won't be in hell two minutes before you'll be hopping around in the fire and yelling: 'What a mistake I made.' I have some respect for Bob Ingersoll, because he gets \$200 a night for his lecturing. But some of these little fellows are infidels for nothing, and pay \$2 to hear Ingersoll and board themselves."

MR. WM. J. HARAHAN and Miss Louise Smith, the latter of Nashville, were married at St. Joseph's Church, in that city, Tuesday. A special says the wedding was one of the most elaborate ever witnessed in Nashville. The services lasted over an hour. After the services were concluded the party left for an Eastern tour in Mr. Harahan's private car. The groom is a grandson of Mrs. Nora Kehoe, of this city, and is connected with the C. & O. Railroad as Superintendent of Maintenance of Way of the Cincinnati and Huntington divisions.

**Demolished Part of "Owens' Row."**  
 The middle building in "Owens' Row" was completely demolished by the wind storm that struck this city about six o'clock last evening. It was a tottering, story-and-a-half frame shanty, and when the wind got through with it, it was good kindling wood. The ruins were left in the creek bottom.

The shanty was occupied by Lydia Cox and some other colored women, but they were away from home. The only parties in the house at the time were two little boys, sons of the Cox woman. The older, about six years of age, escaped unharmed, but the younger, who is about two years old, received injuries that will likely prove fatal. One of its arms was broken and its skull probably fractured. It was still living this morning.

### Swindling the Women.

Another swindling racket is exposed this week by the Catlettsburg Democrat. In this case, the victims belong entirely to the "gentler sex." The Democrat says a lady peddler of lace visited that place a few days ago. According to her statement she had only been in this country six weeks, and was fresh from good old Ireland. She represented her laces as being pure Irish linen, most of which had been made by her dear old "mither," who was still in Ireland; not only made by her "mither," but from flax grown by that good old woman. Her story was one that would touch the tenderest cord of a sympathetic nature, the substance of which was the suffering of her family, and that she was peddling lace to raise money to bring the family to this noble country, the home of the free. She found a number of purchasers, who were not only anxious to contribute to the relief of suffering humanity, but delighted at an opportunity to secure "pure linen lace," hand-made, of course; have something, so to speak, that their neighbors did not have. The fair peddler made a rapid canvas of the city and then skipped. After her departure those who had been so fortunate as to get some of this "pure hand made linen lace," began to show their treasures to their neighbors, and when the goods were closely examined it turned out that the material was cotton, and that the same grade of goods could have been bought from the Catlettsburg merchants for about one-fourth of the price paid to the peddler.

## MINER'S MAXIMS.

*An old firm, like an old family, should be judged by its fruit, as well as its root.*

We are willing, therefore, to waive all claim to precedence on account of long-standing and experience, and base our claim for public patronage on *what we are doing.*

*And what are we doing?*  
 Just selling *good Shoes!* And that's the story in a nutshell. But how much that word "*good*" means! Good things don't happen so. Good things, like eggs, butter and children, will turn bad if left to themselves; but you never yet heard of a bad thing turning good, just by itself, did you? Good things have to be *made good*—goodness must be put into them. You cannot just christen them "*good*" and expect that to do the business. And a good thing must be *all* good or it is no good. It's that way with Shoes. Good leather, good shape and good work can all be ruined by the use of bad thread. We take pride in selling *good Shoes*—good as a whole and good in every part. Nothing less would be worthy of a firm with a record of *fifty-eight years selling good Shoes.*

## OPPOSITION TO MR. PARNELL.

Deputations From a Number of Irish Cities Wait Upon Him and Urge That He Immediately Abandon His Position On Certain Bills Now Pending In Parliament—Other Foreign News.

LONDON, June 12.—The cause of the publicans in advocacy of the government's compensation scheme is being quite as earnestly championed in the principal cities of Ireland as in London, and the opponents of the bill find themselves attacked in the rear by a formidable and unlooked-for enemy. Because the measure was of government origin, if for no better reason, the Irish members of parliament, that is to say the Home Rule members, have opposed the bill in common with their Liberal allies, greatly to the disgust of a large proportion of their constituents.

The publican element in Ireland is relatively as powerful as it is in England and the application of pressure upon the Nationalist members has begun. The licensed victuallers of Belfast, Cork, Dublin and other Irish cities have sent delegates to London to wait upon Mr. Parnell and urge that leader to abandon the position taken by him and his followers in opposition to the bill.

These delegates are instructed to remind Mr. Parnell and his associates that the Irish publicans have been generous contributors to the success of the National party in Ireland, and impress upon their minds the extent of the injury to the Irish cause which would result from the withdrawal of that support because of the ingratitude of its beneficiaries.

### Rioting in Silesia.

VIENNA, June 12.—Rioting is being indulged in by the strikers of Bannisch, in Silesia. An attack was yesterday made upon the factories, and the windows of sixteen of them were smashed. Other factories were more seriously damaged by the rioters. The police having arrested a number of the disturbers, the comrades of the latter attacked the officers, with a view to securing the release of the prisoners. The troops were then called out and the trouble suppressed.

### Stanley in Scotland.

EDINBURGH, June 12.—Yesterday the lord provost and the town council presented Mr. Henry M. Stanley with the freedom of the city of Edinburgh. The ceremonies were witnessed by a throng of people who greeted the African explorer with marked enthusiasm.

### Looking for Final Instructions.

BRUSSELS, June 12.—It is expected that the American delegates to the anti-slavery conference will receive final instructions from Washington on Friday, and that the conference will adjourn sine die next week.

### Don Pedro's Program.

PARIS, June 12.—Don Pedro, ex-emperor of Brazil, will pay a visit to the Comtesse Barials, in the province of Dauphine, in July, after which he will return to Paris and spend next winter.

### Six Attempts at Suicide.

VIENNA, June 12.—On Tuesday there were six attempts at suicide in this city, three of which were successful.

### TRAIN ROBBER CAUGHT.

One of the Perpetrators of the Texarkana Job Secured.

TAXARKANA, Ark., June 12.—One arrest was made last night in connection with the robbery on the Cotton belt route, but the man has not been fully identified. Monday afternoon \$10,000 in silver was taken from the Southern Express company's office up town, and carried to the depot. This was sent north, and it is supposed this is the bundle the robbers were after.

It is now asserted that the robbers only secured \$200, but stories about the amount are contradictory. When the train went into the ditch Conductor A. Snoyer ran forward to ascertain the cause. He was ordered to halt and when he flashed a lantern on the man who gave the command a Winchester's muzzle covered him. The conductor was very complacent after he learned the cause of the trouble.

There are several stories about the way Messenger Nesbitt was shot. The first was that the robbers picked him out and shot him out of revenge; the other that a volley was fired at three men and only the messenger hit. The last train robbery in this vicinity was at Geneva two years ago, in which Rube Burrows figured.

### One of the Bandits Captured.

DICKINSON, N. Dak., June 12.—One of the bandits who robbed the Northern Pacific train at New Salem on Sunday morning has been captured, and last night at a late hour the town was ablaze with excitement. The captured man is named Charles E. Bailey, and, as he fears lynching, he is telling all he knows and giving information that will be of the greatest value in locating the other robbers and breaking up a desperate gang of plunderers. A strong guard is now over the jail.

### Hanged by a Mob.

ST. LOUIS, June 12.—A special from Little Rock, Ark., to The Evening Chronicle, says: Word reached here this morning that Joe Parent, who was shot from ambush near Meridian, Ark., had not died from his wounds, but met a more horrible fate. Parent had been warned to leave the country, being suspected of murder. Failing to do so he was shot while wounded and dragged from his house and hanged by a mob.

### Carlisle's Successor Named.

LOUISVILLE, Ky., June 12.—A special to The Evening Post from Carrollton, Ky., says: W. W. Dickerson, of Grant county, was nominated by acclamation on the 207th ballot to succeed John G. Carlisle for congress.

## FATALLY BURNED.

Little Girl Held Over a Fire, by Her Brother—He Also Badly Burned.

NEW YORK, June 12.—A special to The World from Hazelton, Pa., says: Nellie Dougherty, aged 11 years, was fatally burned, by her brother who is a year younger. The children had been fishing, and the boy built a fire to roast some frogs. Being enraged at his sister for some trivial act he dragged her to the fire, and held her over it until her clothing became ignited. He thought he could extinguish the flames without seriously injuring her, but he delayed too long, and all efforts to put them out failed. In her desperation the poor child threw herself into the creek. Some men who were passing arrived just in time to save the life of the boy, whose clothing had also caught fire. The little girl died a few hours later. The boy is badly burned but will recover.

### Jewelry Store Robbed.

AMSTERDAM, N. Y., June 12.—The jewelry store of W. D. O. Norton, at Gloversville, Fulton county, was broken into by burglars, sometime last night, and jewelry to the amount of \$15,000 was stolen. The articles taken consisted of 200 old watches left by customers to be repaired, 400 new gold and silver time pieces, 1,100 rings and a number of chains, lockets and charms. All the solid gold articles in the place were confiscated. The burglary was the work of experts. The front of the safe was drilled through to the lock tumblers in a manner only acquired by first class cracksmen. The Jewelers' association of Gloversville, have engaged a Pinkerton detective to hunt up the perpetrators.

### More Indictments to Follow.

SAN FRANCISCO, June 12.—There is much excitement in pugilistic circles here over the announcement that the authorities have issued a large number of warrants for the arrest of the spectators of the fight between Harry McBride and Frank Larue, in which the former received injuries resulting in his death. The warrants are being held until the result of the autopsy is known.

### Sisters Abducted.

LEAVENWORTH, Kan., June 12.—Two horse traders, whose names are unknown, abducted the pretty daughters of a miner named A. J. Aker, Monday. The girls, the elder 20 years of age and the younger 16, were taken away in a covered wagon. Sheriff Flora and deputies are in pursuit of the parties.

### Manufacturers Burned Out.

MONONGAHELA CITY, Pa., June 12.—The works of the Monongahela Manufacturing company, consisting of a foundry, machine shop, blacksmith shop and pattern room were burned this morning. Loss, \$40,000; insurance, \$12,550.

### Wreck on the Santa Fe.

JOLIET, Ill., June 12.—A collision on the Santa Fe railroad, a short distance south of Joliet yesterday caused the death of one of the engineers, J. H. Helius, and the demolishing of several freight cars.

### Congressional Nomination.

BANGOR, Me., June 12.—Hon. C. A. Boutelle was unanimously renominated for congress by the Fourth district Republicans yesterday afternoon.

### Natural Gas Explosion.

PITTSBURGH, Pa., June 12.—By an explosion of natural gas, which had leaked into the cellar at No. 19 Pike street, Allegheny, yesterday, Mrs. Kipp, about 70 years of age, and her granddaughter, Lizzie, about 16 years of age, were so badly burned they died yesterday evening. Mrs. Kipp and the little girl entered the cellar and struck a match to light a lamp, when the explosion threw them up the stairs. The clothing, hair, and in many places flesh were burned from them, presenting a horrible sight.

### Skipped With Another Man.

CRAWFORDSVILLE, Ind., June 12.—While Frank Sperry, a prominent business man of this city, was in Chicago his wife stripped their beautiful home of all the furniture, converted it into cash and eloped with Peter Stith on a northbound Monon train. Stith told his wife and children that he was going to Chicago on business, and left them at her father's house during his absence. Both families are prominent in society, which is much agitated thereat.

### Cowles' Deposition.

MONTREAL, June 12.—The condition of Cowles shows some improvement. The physicians appointed by the court to examine him have decided that he is able to make a deposition. Accordingly, at 3 o'clock yesterday afternoon, Judge Desnoyers proceeded to the hospital and took his sworn statement. It will be laid before the grand jury. Hale is still out on parole.

### Tornado Near Cincinnati.

CINCINNATI, June 12.—The village of Elmwood, near this city, was visited by a tornado Wednesday evening. A number of houses were demolished and one man is known to have been killed. The damage is estimated at \$20,000. The same storm appears to have been general, and reports of damage, more or less serious, come from various parts of the country.

### Union Not Desired.

NEW YORK, June 12.—At the morning session of the Reformed Presbyterian synod yesterday the report of the committee on union favoring a union with the other branches of the denomination was rejected. The vote was as follows: Ayes 17, nays 129, absent 25, and not voting 12.

### John Cook Turner, Outlaw, Dead.
